

RAINBOWS FOR ALL CHILDREN

Rainbows at St. Rose Belmar provides free support in a group setting for children (grades K-8) grieving from a life altering crisis due to death, divorce, separation, illness, deployment, deportation or other painful family transitions.

This is not therapy or professional counseling, rather a safe place where children are allowed to speak and share with others their own age while learning to deal with their feelings. Our facilitators are trained and dedicated.

Rainbows is available to all families in Monmouth County regardless of school enrollment, religious affiliation or town of residence. Parents/Guardians are welcome to our adult group while their children are involved.

Please let family, friends and colleagues know about Rainbows! Pre-registration is required. Our new Rainbows site at St. Rose, Belmar meets on Wednesdays at 6:30PM.
