How is your Religious Education Fee Used?

Your fee contributes toward the following services and expenses:

salary (living expense) for the Director of Religious Education, salary for the part time Secretary, priest services, office supplies, copiers, computers, phone expense, mailings, postage and communication materials (special email service), teacher workshops and training, teacher manuals, student textbooks and classroom supplies, use of utilities and buildings, office, etc.

Additional **Sacramental fees for Confirmation and Communion** cover the cost of Confirmation gowns, food and refreshment for student sacramental and retreat programs, retreat speakers, handouts and booklets, and any additional materials and supplies related to the ultimate reception of the Sacrament(s).

As you read the list, you will realize that your contribution does not come close to covering the total cost and the parish (collection money) greatly helps subsidize Religious Education ministry.
